

SAN MARCOS ECONOMIC DEVELOPMENT CORPORATION
1 Civic Center Drive, Suite 190, San Marcos, CA 92069

JOIN SMEDC. INVEST IN YOUR CITY. We are a non-profit group of businesses, educational institutions, and community leaders dedicated to the economic improvement of the City of San Marcos. Economic growth creates larger revenue sources, more and better jobs, and an improved quality of life for our community.

SMEDC believes that with your help we can materially advance the educational, cultural, and economic benefits for our current and future citizens. San Marcos is in a fantastic growth phase. Infrastructure needs are becoming critical. A new interchange needs to be funded. San Marcos needs more retail centers and a research and high-technology business campus. You still can't buy a suit in this City.

Your input would be valued. We meet as a board once a month with the City Director of Developmental Services or the City Economic Development Coordinator in an effort to stay informed of new developments. We are interested in attracting new companies to San Marcos. All members are welcome to the monthly meetings and are encouraged to participate on committees.

Please fill out and return this membership application with your check. Be sure to include your e-mail address.
